To the Bargaining Unit of \_\_\_\_\_ Union,

I am currently an employee of \_\_\_\_\_ and a subscriber to \_\_\_\_\_'s company health insurance plan.

I use Jin Shin Do® Bodymind Acupressure™ therapy as an effective and cost efficient means of maintaining my good health and to help address any health concerns that may arise.

I am very pleased with the results that I have experienced and would like to have Jin Shin Do® Bodymind Acupressure™ therapy added as a benefit under our group health plan.

Acupressure is an accepted health care modality throughout the world. Based on Japanese acupressure, Traditional Chinese Medicine, as well as Western body-mind theories of Wilhelm Reich, and Taoist philosophy, it is known to be deeply relaxing and supportive of the body's natural healing process. Used on a regular basis, it is a very effective method of maintaining good health.

I believe that Registered Jin Shin Do® Acupressure Therapists should be included as service providers with your insurance company as they provide quality health care and an affordable means of helping to lower rapidly rising health care costs.

Thank you.

Sincerely,
